

JOIN DUNGEONS & DRAGONS CLUB!

**Do you like adventure?
Are you good at math?
Then you should try *Dungeons and Dragons!***

Dungeons & Dragons (or *D&D*) is a tabletop role-playing game that lets you use your imagination and work as a team to go on a magical quest and defeat monsters. “Essentially, *D&D* is collaborative storytelling. Players pretend to be fantasy characters who embark on a group adventure. They battle monsters, explore terrain, and roll the dice to decide outcomes. A Dungeon Master guides the narrative” (*The Washington Post* 4/18/19). You can learn more about the game by visiting <https://dnd.wizards.com>.

NO EXPERIENCE NECESSARY!

We’ll teach you how to create your character and play the game. You’ll have fun, make new friends, and go on an amazing adventure with us. Parents, here’s the best part – there are NO SCREENS! Kids play this game face-to-face and learn teamwork, communication skills, turn-taking, conflict resolution, and even a little math!

**DUNGEONS
& DRAGONS**
